

PORTWEST®

PEAK PROTECTION

BUMP CAPS

Bump Caps can reduce the risk of head injuries in the workplace by providing head protection against minor bumps and scrapes.

Combining the comfort and style of a sport cap with the added protection of a plastic protective shell and soft pads, Portwest Bump Caps provide a light weight, comfortable solution to head protection. The fashionable design also means it is a form of safety wear that employees will actually want to wear.

EN812:2012 - Industrial Bump Caps

European standard for bump caps for industry, describing mandatory impact and penetration tests.
